

About Dr. Suzanne Carroll Woodard...

Dr. Suzanne Carroll Woodard—who received her undergraduate degree from Boston College and her doctorate from Fordham University—is a licensed clinical psychologist who has worked to meet the mental health needs of South Florida since 2003. Dr. Carroll Woodard has served as a clinician for the Miami-Dade County Department of Human Services and Miami-Dade County Public Schools. Dr. Carroll Woodard is now serving the needs of the Greater Miami community through private practice and her company SCW Psychological, Inc.

In addition to her public sector service and private practice, Dr. Carroll Woodard has experience interning and working in mental health hospital settings in Boston, New York, and South Florida. This wide ranging experience and expertise is supplemented by Dr. Carroll Woodard's specialized training in the diagnosis and treatment of eating disorders.

SCW Psychological, Inc.

A Mental Health and Services Company

“Everyone deserves an opportunity to feel more fulfilled and gain a deeper sense of self awareness. I am committed to working with clients to help them achieve this.”

- Dr. Suzanne Carroll Woodard

Our Mission

SCW Psychological understands that a one-size fits all approach to treatment fails to account for the experiences that make each person an individual. Through a professional, friendly, and supportive environment, SCW Psychological strives to provide individually tailored treatment for a wide range of mental health conditions.

You Are Not Alone

Perhaps you are seeking treatment for depression, stress, or anxiety. You or your family may be considering counseling or therapy to improve the quality of important relationships. There are many reasons people turn to psychologists. If you are reaching out for help from a psychologist, you are not alone.

Mental health concerns affect millions of people worldwide. The psychologists at SCW Psychological are specially trained to assist those experiencing emotional and/or behavioral struggles, and our services help sufferers effectively deal with their problems so that they can live happier, more productive lives.

Testing & Evaluations

Psychological testing and evaluations use a combination of techniques to arrive at a hypothesis about a person, their behavior, personality, and capabilities. At SCW Psychological, these assessments are never performed in a vacuum. SCW Psychological provides psychoeducational testing and psychological evaluations as part of a thorough assessment of the person. Among other things, these assessments can be used to evaluate giftedness and eligibility for school gifted programs as well as learning disabilities and appropriate accommodations.
